

Thank you TMCP! Grant towards our new boiler

I am writing to thank the Trustees formally for their most generous grant towards our boiler project.

The boiler has been working perfectly and is about to have its first service. It is so nice to have hot water coming out of the taps in the ladies' toilet after a long period last year with only cold available!

Obviously as we approach the colder months, the new boiler is going to make a massive difference to our Church.

I will be reporting to our Church Meeting tomorrow telling them of your generosity. It has also been noted in our Church Magazine, "The Messenger" (extract below).

Church Boiler update – Good News!

In mid-August the Trustees for Methodist Church Purposes (TMCP), offered us a most generous grant of £2000 towards the cost of our replacement boiler.

Together with the grant from our Synod and donations from within the Church we have been able to cover the full cost of the Boiler which was installed on 10 December last year. Indeed it is just coming up for its first service. It has made an enormous difference to our Church that we can continue to offer a Warm Space on Friday mornings and that our church and groups from within our community can enjoy warm rooms as the winter approaches. On everyone's behalf I would like to thank TMCP, South Western Synod and the two members of our Church who kindly made up the final shortfall.

Paula Littlewood

Once again, thank you so much for your generosity. The Trustees for Methodist Church Purposes have made a big difference to the life of Christ Church, Barnstaple.
