

GDPR

Directories / Plans
&
Consent

When is Consent Required?

What do you think?

When is Consent Required?

- When personal data is put into the public domain
- When you want to use personal data for a different purpose
- Marketing and Fundraising communications
- When you are disclosing sensitive personal data (special categories of data)

**How does this affect the
Plans and Directories?**

Directories & Plans

- Publically available
- Kept within the Methodist family

The Consent Form

- Separate the consent form from a general contact form
- Additional categories e.g photographs and social media
- Easier to record what consents have been given

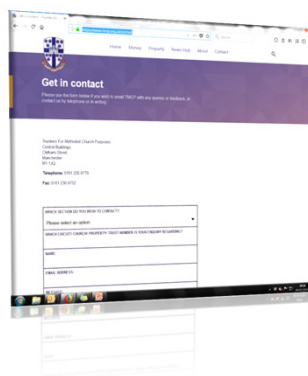

Directories and Consent

- What have you been doing?
- What information do you put into the Directories / Plans?
- Do you rely on consent?
- Have you made any changes to the consent form?
- Where do your Directories / Plans go?
