## Introduction

*“Anthony Collins Solicitors was founded with a Christian ethos and we look forward to working with TMCP and the other firms on the panel to further the mission of the Methodist Church and the work of its churches as we do nationally with many Christian churches.*

*In these uncertain times Christian Churches and charities are navigating enormous changes to the landscape that they operate in. This involves grappling with complex every day issues. Our experience goes beyond technical understanding and appreciation of Methodist Churches, we understand through our technical and collective involvement in both personal and professional capacities, the pressures and opportunities that churches face.”*
